Role Profile Senior Commercial Specialist						
	Procurement/Commercial	Grade: A1	Specialist/ Advisory role?	Yes		
Department for International Development. Procurement and Commercial Department	Produrement/commercial Grade: AI Specialist/Advisory role? Yes The Department for International Development DFID is seeking highly experienced and effective senior commercial professionals to help the organisation increase its commercial capability and contribute to its goal of eradicating extreme poverty. These roles require senior level leadership experience with the ability to drive transformational change and a performance culture, and deliver significant business benefits. Further to a recent commercial capability review DFID is recruiting a number of Senior Commercial Specialists to join the Procurement and Commercial Department. We are looking for inspiring individuals with strong functional backgrounds and skills, who understand senior stakeholder needs, and can span functions. The Senior Commercial Specialists will be whole systems thinkers, thought leaders, innovators and shapers of future commercial services, whilst leading and driving forward commercial capability.					
	 The Senior Commercial Specialists will cover areas such as: Lead and manage the allocation of commercial resource to support the achievement of the department's commercial objectives and priorities Drive commercial capability across the organisation to ensure commercial best practice is applied to deliver greater development impact. Devising, developing and implementing tailored commercial strategies to deliver improved results Establishing effective Strategic Relationship Management across DFID's business partners/suppliers Improve the impact on poverty reduction on every UK pound spent Planning for sustainable delivery in future years and support rapid response to emergency/crisis priorities Based in East Kilbride - Glasgow, senior opportunities exist to lead teams in our Thematic, Market Creation, Programme Sourcing, Complex Transactions, and Commercial Delivery Manger. There is also a Business Partner 					
	 opportunity which will liaise between Procurement & Commercial Department and senior directorate executives. Team specialisms in each of these areas include: Thematic & Market Creation Strategic sourcing and in-depth category management expertise Key relationship management Market creation and supply base development Driving commercial improvement with suppliers and development partners Programme Sourcing Provide expert, strategic sourcing service to the DFID organisation via allocated regional teams Commercially influencing project design via effective early market engagement. Application of full suite of public procurement routes

Key responsibilities	 Operate as a trusted advisor to the senior executive team (Director General, Directors and Deputy Directors) by providing expert commercial advice and challenge on strategic, complex and key investment decisions and contracts. Introduce the Commercial performance management regime that assesses business area, own team, and wider Commercial performance. Lead and manage the allocation of commercial resource to support the achievement of the Directorate's commercial objectives and priorities. All roles, regardless of specialism, will require the same high standard of commercial acumen, the ability to demonstrate a strategic perspective, and have responsibility for delivering key business priorities. They require a results focussed individual who will have responsibility for building collaborative relationships. 				
	Post holders need to be able to:				
	• Develop and leverage effective relationships with key internal and external senior stakeholders including a wide range of networks across government				
	• Demonstrate senior leadership, influencing and driving transformational change and commercial thought leadership				
	 Lead & manage a team (either directly or as a virtual team) to deliver improved value for money (VfM) for DFID 				
	Engage with senior stakeholders to develop a clear and agreed view of business requirements and target outcomes				
	 Provide commercial guidance at senior management (Director) level, securing engagement and business buy- in and develop and implement robust commercial strategies for directorates and spending departments 				
	• Bring understanding of market and commercial drivers to support policy development and programme design teams to build and shape markets, and drive delivery partner innovation				
	 Challenge strategies and business cases, where appropriate, to improve outcomes
